### Explanations and answers to select questions

09. Articles are three in number. But their types are only two (that is what is asked in the question) 'Definite (the)' and 'Indefinite (a, an)'. So, option (B) is the correct answer.
23. Errors/corrections appear in brackets : He said he didn't knew (know) what's (what was and not is or has as 's suggests) wrong with there (their) aunt. So, option (C) is the correct answer.
31. It is an advice. If 'please' would have been included, it would have become a 'request', option 'D'. If exclamation mark (!) would have been included, it would have become a warning. So, option (A) is the correct answer.
