Explanations and answers to select questions

02 Option (D) is the correct answer. Note, it is 'lose' not 'loose'.

04 Option (D) is the correct answer. Only its past tense is formed by adding 'ed'.

05 Option (B) is the correct answer. The correct spelling is : Privilege.

06 Option (C) is the correct answer. There is no verb as 'sheet'.

08 Option (C) is the correct answer. It's homophone is 'Rode'.

10 Option (C) is the correct answer. The adjectives are : 'unknown' and 'dangerous'.

11 Option (B) is the correct answer. A 'forest' of trees.

12 Option (C) is the correct answer. The two syllables are : A-way.

13 Option (C) is the correct answer. 'Bear' is pronounced as 'Bare', so 'Dare'.

20 Option (C) is the correct answer. The spelling 'Bitter', though has 'er' at its end, it is a spelling of positive degree of that word and not of a comparative degree. Only when 'more' is added before it, it will become of a comparative degree.

21 Option (B) is the correct answer. The melons are more than two in number, hence 'among'. And the comparison is made in numbers, not dozens. Option (A) cannot be used at that place, as its first letter is not in capital.

22 Option (D) is the correct answer. The first syllables of 'one-way' and 'university' both produce consonant sounds as in 'won' and 'you' respectively, so 'a'; and because they are a specific type of people, 'the' before blind; and because the reference is to a specific eye (normal, not impaired) 'the' before 'eye'.

23 Option (C) is the correct answer. It expresses a possibility, not certainty.

24 Option (D) is the correct answer. An action 'had left' that took place before a past action, 'reached'.
