Unified Council's

Process Manual for students Taking the online Olympiad test(s).

All the years till date, we conducted our annual Olympiads in Schools/Test Centres, under the supervision of Teachers/Invigilators. This year, keeping in mind the safety of students, on the COVID-19 background, our Olympiads will be conducted online. And so this year, the parents will play the role of invigilators keeping an impartial vigil. In some cases, the parents may have to assist the student in getting started, but only till that.

Once the exam starts, we solicit parents' impartial vigil and unbiased support and cooperation for the smooth conduct of this year's Olympiads. And in the role of an invigilator, we trust that every parent will ensure that his/her child doesn't take any help during the exam, so as to assess the true potential of the student.

A suitable picture of the student will be selected from the pictures captured during the test, for printing on the Certificate and Student's Performance Report.

Device:

It is strongly recommended that a student takes the test using **Desktop/Laptop/Tablet/Smartphone(Mobile)**.

System Requirements

- Internet Bandwidth: The minimum required bandwidth is 512 Kbps 1 Mbps of internet speed.
- Machine Configuration: RAM : Minimum 2GB (4GB is recommended). Processor Speed : 1.5 Ghz or above.
- Preferred Operating System : Windows 10 (though the test can be taken where Windows 7, 8 or 8.1 operating system is in use).
- Preferred Browsers : For taking the test in Laptop or Desktop, recommended browsers are Google Chrome (Ver. 75 or above), Mozilla-Firefox (Ver. 70 or above) and Microsoft Edge.
- ✓ Candidate using any mobile/apple device, kindly use GOOGLE CHROME ONLY to take the test.
- ✓ If any **Antivirus software** is installed, disable it.
- ✓ Test will not work on **Safari Browser**.

You can log in 15 minutes before the exam, complete the formalities and then if the 'proceed now' button is still grey in colour, wait in the waiting lounge to take the exam till it turns green.

Note : Please check your device compatibility with this link: **http://tx3.in/LyRG** if you are taking test in Laptop/Desktop computers.

Link for taking the Test. www.wheebox.com/uc

To start the test, please copy & paste the link received by you or simply type the above link only in latest version of Google Chrome browser's address-bar.

When you open the link, it will ask you for the permission for camera and microphone, please allow both.

Or else, you may disable the pop-up blocker for the duration of the test.

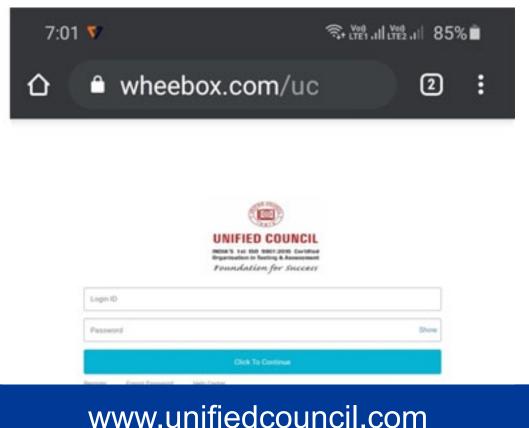

Here is how you can do it:

Google chrome: Go to 'chrome:\\settings/' – click on "Privacy and Security" on your left. Under 'Privacy and Security', click on 'Site Settings' → under 'Content', select "Pop-ups and redirects" → disable "Blocked".

After logging in, if the camera or microphone is not detected, go to Settings>>Site Settings and once deny the permission for camera or microphone and re-allow to proceed.

In Mobile's browser settings :

1. Copy & paste the **URL** received in Message in Google Chrome browser.

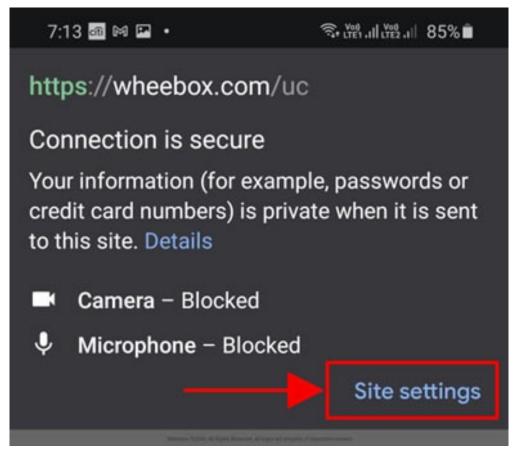

2. Tap on the Lock symbol in the browser's address-bar.

Pre-Examination Steps

As it is a test with a remote proctor, every student must ensure to have a connected, functional webcam or front camera on his/her desktop/laptop/tablet/mobile. Face tracking is enabled for this test. A parent can help the student in the process of completing steps 1, 2, 3 and 4, without coming in the picture frame, till the "Proceed Now" button turns green and before the start of the exam.

Step 1: A student should click on his/her image using webcam or front camera of his/her desktop/laptop/tablet/mobile.
