Why do students of the same class with similar total marks have different All India Ranks?

When more than one student get an equal score, priority for awarding ranks is according to marks acquired in the following specified order of subjects: Mathematics, physics, chemistry, biology and Critical Thinking.

I want to know my rank at city-level of exam NSTSE. But I do not find it on your website.

There is no ranking for city level. Only toppers are declared, and only for selected cities.

I scored All India Rank 24. Why have I not been shown in City-wise toppers' list?

Yours is an All India Rank (AIR), which is at a higher level and is based on All India Level participation, which is above the city topper level. Hence, no City rank is separately awarded.

Note: City-wise toppers are declared after excluding top 25 All India Ranks & State Toppers.

I want to get the information to assess my relative performance, Maximum marks scored by topper in each class.
